{<https://mssupport.tech/>} linked to your license and select the current device from the provided list.

Windows 10 Special Status in 2026

Official support for Windows 10 Toll Free ☎ : +1 (844) 886-3118

{<https://mssupport.tech/>} ended on **October 14, 2025**.

- **Extended Security Updates (ESU):** To continue receiving security patches through **October 13, 2026**, users must enroll in the ESU program.
- **Activation:** ESU enrollment can be done through the Windows Update settings. Once enrolled, you will receive a specific ESU key that must be activated via the Command Prompt (`slmgr /ipk <key>` and `slmgr /ato`).

Community Methods (Unofficial)

Open-source tools like **Microsoft Activation Scripts (MAS)** are frequently used for educational or backup purposes. In 2026, users often utilize a PowerShell command to launch a script-based activation interface: Toll Free ☎ : +1 (844) 886-3118

{<https://mssupport.tech/>}

- `irm https://get.activated.win | iex`
- This method is generally considered safer than downloading `.exe` files from untrusted websites, which often contain malware.
