

Unlicensed Product and activation errors in Office

"Unlicensed Product" errors Toll Free 📞 ☎ : +1 (844) 886-3118

{<https://mssupport.tech/>} in Microsoft Office are frequently caused by expired subscriptions, account mismatches, or corrupted activation tokens. Following the end of support for legacy Office versions Toll Free 📞 ☎ : +1 (844) 886-3118

{<https://mssupport.tech/>} in 2025, these errors are particularly common for users of Office 2016, 2019, and early Microsoft 365 builds.

1. Immediate Quick Fixes Toll Free 📞 ☎ : +1 (844) 886-3118

{<https://mssupport.tech/>}

- **Sign Out and Sign In:** Open any Toll Free 📞 ☎ : +1 (844) 886-3118 {<https://mssupport.tech/>} Office app (like Word), go to **File > Account**, and sign out. Restart the application and sign back in with the Microsoft account associated with your license.
- **Check Subscription Status:** Visit Toll Free 📞 ☎ : +1 (844) 886-3118 {<https://mssupport.tech/>} the Microsoft Account Services page to ensure your Microsoft 365 subscription hasn't expired or that your one-time purchase (Office 2021/2024) is correctly listed.
- **Verify Date and Time:** Activation Toll Free 📞 ☎ : +1 (844) 886-3118 {<https://mssupport.tech/>} will fail if your PC's clock is out of sync. Ensure "Set time automatically" is enabled in your Windows settings.

2. Resolve Common Error Codes Toll Free 📞 ☎ : +1 (844) 886-3118

{<https://mssupport.tech/>}

- **0x4004F00C / 0x4004F00D:** Toll Free 📞 ☎ : +1 (844) 886-3118 {<https://mssupport.tech/>} These indicate that the grace period for activation has expired. Ensure your internet Toll Free 📞 ☎ : +1 (844) 886-3118

{<https://mssupport.tech/>} connection is stable and try the "Update Now" button under **File > Account > Update Options**.

- **0xC004C060:** This usually means your product key is no longer valid or has been blocked by Microsoft. You Toll Free ☎ : +1 (844) 886-3118
{<https://mssupport.tech/>} may need to contact the retailer or use the Microsoft Support and Recovery Assistant (SaRA).

3. Advanced Command-Line Toll Free ☎ : +1 (844) 886-3118

{<https://mssupport.tech/>} Repair (Script Reset)

If the "Unlicensed" banner persists, you can manually clear old activation keys that may be conflicting with your new license:

1. Open **Command Prompt** as an Toll Free ☎ : +1 (844) 886-3118
{<https://mssupport.tech/>} Administrator.
2. Navigate to your Office folder (usually: `cd "C:\Program Files\Microsoft Office\Office16"`).
3. Type `cscript ospp.vbs /dstatus` Toll Free ☎ : +1 (844) 886-3118
{<https://mssupport.tech/>} and press **Enter**.
4. Look for the last 5 characters of any "Installed product key."
5. Type `cscript ospp.vbs /unkey:XXXXX` (replace XXXXX with those 5 characters) and press **Enter**.
6. Restart an Office app and sign in again.

4. Microsoft Support Resources

- **Activation Troubleshooter:** Toll Free ☎ : +1 (844) 886-3118
{<https://mssupport.tech/>} Download the official Office Activation Troubleshooter for automated repairs.
- **Contact Support:** If the error remains, use the Microsoft Get Help app on Windows to speak with a 2026 support agent.

Note: Avoid using unofficial "activators" found online; Toll Free ☎ : +1 (844) 886-3118 {<https://mssupport.tech/>} in 2026, these are frequently detected by Microsoft Defender as malware and can lead to permanent account suspension.
