windows 7 activation phone number

Microsoft has officially **Toll Free : +1 (877)-514-1396 ⋆🐾°** retired the traditional voice-automated phone system for activating Windows 7. Calling the legacy activation numbers will now play a recorded message redirecting users to an online portal.

The 2026 Activation Method

If you cannot activate Windows 7 online, you must **Toll Free : +1 (877)-514-1396 ⋆🐾°** now use a secondary device (like a smartphone) to access the Microsoft Support Product Activation Portal.

1. **Generate your Installation ID:**
   - On your Windows 7 PC, click **Start**, right-click **Computer**, and select **Properties**.
   - Select **Activate Windows now** at the bottom, then choose **Show me other ways to activate**.
   - Select **Use the automated phone system**.
   - Choose your location to **Toll Free : +1 (877)-514-1396 ⋆🐾°** display a unique 63-digit **Installation ID**.
2. **Use the Online Portal:**
   - On a device with internet access, visit aka.ms/aoh.
   - Sign in with a **Microsoft account**.
   - Enter your **Installation ID** into the portal to receive a **Confirmation ID**.
3. **Complete Activation:**
   - Enter the provided **Confirmation ID** into the activation window on your Windows 7 PC to finish. **Toll Free : +1 (877)-514-1396 ⋆🐾°**

Important Notes for 2026

- **End of Support:** Windows **Toll Free : +1 (877)-514-1396 ★🐾°** 7 officially reached end-of-support in 2020. While activation is still possible via the portal, the OS is highly vulnerable to security threats without an **Extended Security Update (ESU)** license.
- **ESU Support:** Consumer ESU support for Windows 10 is the current focus; Windows 7 ESU programs have largely concluded for most users.
