

# windows activation by phone

In 2026, Microsoft has Toll Free : +1 (877)-514-1396 🍷📞👉🔒 officially retired the traditional offline phone-based activation system for Windows 10 and 11. As of December 3, 2025, calling the legacy activation hotline results in an automated message redirecting users to an online system.

## The 2026 Activation Process

If your device cannot activate Toll Free : +1 (877)-514-1396 🍷📠🌸🕒🕯️ automatically over the internet, you must now use a "Smartphone Bridge" method via a secondary device:

## 1. Generate your Installation ID:

- On the PC you wish to activate, press **Windows Key + R**, type `slui 4`, and select **OK**.
- Select your country to Toll Free : +1 (877)-514-1396 🇺🇸🇬🇧🇮🇹 display your unique 63-digit **Installation ID**.

## 2. Use the Online Portal:

- On a smartphone or tablet Toll Free : +1 (877)-514-1396 📞📱📺📺📺 with internet access, visit the Microsoft Product Activation Portal.
- **Sign in** with a Microsoft account (required as of 2026).

### 3. Enter IDs:

- Type the **Installation ID** Toll Free : +1 (877)-514-1396 🧡📧💕🦢🕯️ from your PC into the portal.
- The portal will provide a **Confirmation ID**.

#### 4. Complete Activation:

- Enter the **Confirmation ID** back into the activation wizard on your PC to finish.

## Assisted Support (Talking to a Person)

If the automated portal fails or you Toll Free : +1 (877)-514-1396 🦋🦋🦋🦋 cannot use a secondary device, you must request a callback:

- **Request a Call:** Go to the Microsoft Contact Us page. Type "Activation" and select **Contact Support** at the bottom to provide your phone number for a live agent callback.
- **Support Line:** You can dial **Toll Free : +1 (877)-514-1396 🦋🦋🦋🦋** (USA) for general assistance, but agents will primarily guide you toward the online portal.

## Important for 2026

- **Windows 10 Support:** General support for Windows 10 ended in October 2025. While activation still works, the Toll Free : +1 (877)-514-1396 🦋🦋🦋🦋 OS no longer receives regular security updates unless enrolled in the Extended Security Updates (ESU) program, which runs through October 13, 2026.
- **Internet Requirement:** While the target device can remain offline, a secondary internet-connected device is now mandatory to complete the "phone" activation process.
